

**Spectrum
Connection**

nurturing
communication
in autism
CIC

Located in Salford
Therapy provided nationally

We provide **early intervention** for children under 5, who are on the **autism spectrum** or with complex communication differences.

We support parents/carers through **PACT** therapy—an evidence-based **video feedback** intervention.

“The interaction today occurred in this magical space... he really knows he is communicating with me.”

“You have changed our lives.”
